We are going to visit Forum Marinum, Turku's maritime museum and activity center.

[Front page | Forum Marinum \(forum-marinum.fi\)](http://forum-marinum.fi)

We will visit the thematic exhibition which will be free of charge because of the Baltic Sea Day: 40 000+ the largest archipelago of the world

And we will see the museum ships from the outside - if you prefer to go in, there are additional fees:

[Admission | Forum Marinum \(forum-marinum.fi\)](http://forum-marinum.fi)

13:00 LUNCH

Our lunch will be at the museum's restaurant:

[Restaurant Göran | Forum Marinum \(forum-marinum.fi\)](http://forum-marinum.fi)

lunch price: 13,50

This is a very nice and rich buffet lunch, "home made style".

After the lunch there are 3 different activities you can choose:

- the video group continues their editing work at the Office.
- Turku city walk. Let's get to know the city and take photos to post: #BalticSeaDay (and our project's #)
- Museum. If you got interested in Forum Marinum and want to continue to explore the museum, please use this opportunity to spend an interesting and very educational afternoon: this museum is very popular amongst school groups who make their excursions and different learning programs here.

Friday 1.9.

9.30 - 11 Morning coffee, feedback and certificates. - NB! We can also have this ceremony on Thursday afternoon, if the group prefers to travel to Helsinki on Thursday evening or early morning.

Helsinki day. We recommend to take your time and visit Helsinki, Finland's capital city (and it is also located by the Baltic sea, by the way!)
